CERTIFICATE III in CIVIL CONSTRUCTION PLANT OPERATIONS

*Are you working as a plant operator in the civil construction industry,
participating in a broad range of jobs?*

COURSE OVERVIEW

This qualification reflects the role of a skilled operator working in civil construction plant, who applies a broad range of skills in a varied work context, using some discretion and judgement and relevant theoretical knowledge. The individual may provide theoretical advice and support a team.

DELIVERY AND ASSESSMENT

There are theory and practical training and assessment components to the course.

Skills will be trained and assessed through a mixture of off-the-job and on-the-job training and assessment.

You may be able to seek recognition for your previous studies or experience. Civil Train offers Recognition of Prior Learning (RPL), Recognition of Current Competency (RCC) and Credit Transfer (CT) for this qualification.

COURSE DURATION

This program is offered as a 24-month traineeship in WA under a Contract of Training. Formal training may be completed in a shorter amount of time.

ENTRY REQUIREMENTS

Civil Train will conduct a Foundation Skills entry assessment at a level required to successfully complete the qualification and work in the industry at the level required for this qualification. Potential clients who are identified as not meeting course entry requirements will be assisted with referral to appropriate support services.

Entrants will be required to be employed in the civil construction industry and have a Construction White Card prior to starting training on the qualification.

INDICATIVE PRICES

Funded: \$991.00

Unfunded: \$9,800.00

The student tuition fees are indicative only and are subject to change given individual circumstances at enrolment. Additional fees may apply such as student services and resource fees.

The CTF provided funding support for training of eligible workers in the construction industry. We acknowledge the support of the CTF in reducing the costs of training for eligible workers.

Contact your local super friendly consultant. They know a bucket load about training for our industry, they'll discuss training methodologies that best suit your business, and they are current with the latest government incentives that may be available to your business.

Terms and Conditions

Please refer to the [Fee Schedule](#) and [Fees and Refunds policy](#) for prices and funding opportunities (both available at www.civiltrain.com.au).

Please decide if this is the right course for you before you enrol. This course information flyer should be read in conjunction with our [pre-enrolment brochure](#) and our policies and procedures available at www.civiltrain.com.au. If you require any more information or assistance, or you identify yourself to have specific needs that may affect your capacity to complete this course, please speak to one of our representatives.

Successful completion of **nineteen (19)** units of competency made up of:
Fourteen (14) CORE units – these are mandatory and cannot be changed

CORE	RIIBEF201D	Plan and organise work
CORE	RIICCM201D	Carry out measurements and calculations
CORE	RIICCM202D	Identify, locate and protect underground services
CORE	RIICCM203D	Read and interpret plans and job specifications
CORE	RIICCM205E	Carry out manual excavation
CORE	RIICCM206D	Support plant operations
CORE	RIICCM207D	Spread and compact materials manually
CORE	RIICCM208D	Carry out basic levelling
CORE	RIICOM201D	Communicate in the workplace
CORE	RIISAM201D	Handle resources and infrastructure materials and safely dispose of nontoxic materials
CORE	RIISAM203D	Use hand and power tools
CORE	RIISAM204D	Operate small plant and equipment
CORE	RIIWS201D	Work safely and follow WHS policies and procedures
CORE	RIIWMG203D	Drain and dewater civil construction site

Five (5) electives:

- at least one (1) must be chosen from Group A
- at least two (2) must be chosen from Group B
- no more than two (2) may be chosen from Group C
- no more than one (1) imported unit

OR

- at least two (2) must be chosen from Group A
- a further three (3) may be chosen from Group A, B, or C
- no more than one (1) imported unit

Group A units

Group B units

A	RIIMPO318F	Conduct civil construction skid steer loader operations	B	RIIHAN311F	Conduct operations with integrated tool carrier
A	RIIMPO319E	Conduct backhoe/loader operations	B	RIIMPO317F	Conduct roller operations
A	RIIMPO320F	Conduct civil construction excavator operations	B	RIIMPO326E	Conduct water vehicle operations
A	RIIMPO321F	Conduct civil construction wheeled front end loader operations	B	RIIMPO337E	Conduct articulated haul truck operations
A	RIIMPO323E	Conduct civil construction dozer operations	B	RIIVEH304D	Conduct tip truck operations

Group C units

C	RIICCM210D	Install trench support	C	RIIRIS201D	Conduct local risk control
C	RIICCM211D	Erect and dismantle temporary fencing and gates	C	RIIWS202D	Enter and work in confined spaces
C	RIICRC201D	Repair potholes	C	RIIWS204D	Work safely at heights
C	RIICRC208D	Lay pipes	C	RIIWS205D	Control traffic with stop slow bat
C	RIIHAN308F	Load and unload plant			

You can choose up to one (1) imported unit – some suggestions

AHCMOM213	Operate and maintain chainsaws	RIIWS302E	Implement traffic management plans
RIIRIS301E	Apply risk management processes		

Learners must be able to have regular and consistent on-the-job access to the tasks of the units selected.

Other electives may be offered, in accordance with the packaging rules. Please discuss with a Civil Train representative if you would like to discuss electives not identified on this course information brochure.
