CERTIFICATE III in CIVIL CONSTRUCTION

ROAD CONSTRUCTION AND MAINTENANCE STREAM

*Are you working as an operator in the civil construction industry,
participating in a broad range of jobs with a focus on road construction?*

COURSE OVERVIEW

This qualification reflects the role of a skilled operator working in civil construction, who applies a broad range of skills in a varied work context, using some discretion and judgement and relevant theoretical knowledge.

DELIVERY AND ASSESSMENT

There are theory and practical training and assessment components to the course.

Skills will be trained and assessed through a mixture of off-the-job and on-the-job training and assessment.

You may be able to seek recognition for your previous studies or experience. Civil Train offers Recognition of Prior Learning (RPL), Recognition of Current Competency (RCC) and Credit Transfer (CT) for this qualification.

COURSE DURATION

This program is offered as a 24-month traineeship in WA under a Contract of Training. Formal training may be completed in a shorter amount of time.

ENTRY REQUIREMENTS

Civil Train will conduct a Foundation Skills entry assessment at a level required to successfully complete the qualification and work in the industry at the level required for this qualification. Potential clients who are identified as not meeting course entry requirements will be assisted with referral to appropriate support services.

Entrants will be required to be employed in the civil construction industry and have a Construction White Card prior to starting training on the qualification.

INDICATIVE PRICES

Funded: \$972.00

Unfunded: \$9,800.00

The student tuition fees are indicative only and are subject to change given individual circumstances at enrolment. Additional fees may apply such as student services and resource fees.

The CTF provided funding support for training of eligible workers in the construction industry. We acknowledge the support of the CTF in reducing the costs of training for eligible workers.

Contact your local super friendly consultant. They know a bucket load about training for our industry, they'll discuss training methodologies that best suit your business, and they are current with the latest government incentives that may be available to your business.

Terms and Conditions

Please refer to the [Fee Schedule](#) and [Fees and Refunds policy](#) for prices and funding opportunities (both available at www.civiltrain.com.au).

Please decide if this is the right course for you before you enrol. This course information flyer should be read in conjunction with our [pre-enrolment brochure](#) and our policies and procedures available at www.civiltrain.com.au. If you require any more information or assistance, or you identify yourself to have specific needs that may affect your capacity to complete this course, please speak to one of our representatives.

UNITS OF COMPETENCY

Successful completion of **twenty five (25)** units of competency made up of:
Seven (7) CORE units – these are mandatory and cannot be changed

CORE	RIIBEF201D	Plan and organise work
CORE	RIICCM201D	Carry out measurements and calculations
CORE	RIICCM203D	Read and interpret plans and job specifications
CORE	RIICOM201D	Communicate in the workplace
CORE	RIIWS201D	Work safely and follow WHS policies and procedures
CORE	RIISAM203D	Use hand and power tools
CORE	RIISAM204D	Operate small plant and equipment

Nine (9) Group J units – these are mandatory and cannot be changed.

J	RIICCM202E	Identify, locate and protect underground services	J	RIICRC201D	Repair potholes
J	RIICCM205E	Carry out manual excavation	J	RIISAM201D	Handle resources and infrastructure materials and safely dispose of nontoxic materials
J	RIICCM206D	Support plant operations	J	RIIWS302E	Implement traffic management plans
J	RIICOM205E	Spread and compact materials manually	J	RIIWMG203D	Drain and dewater civil construction site
J	RIICCM208D	Carry out basic levelling			

Select at least three (3) group K units

K	RIICRC301D	Maintain drainage systems	K	RIICRC306D	Conduct earthworks
K	RIICRC305D	Place and form concrete kerb, channel and fixtures	K	RIICRC307D	Conduct road pavement construction
K	RIICRC303D	Lay pavers			

Select at least two (2) group L units

L	RIICBS202E	Hand spread asphalt	L	RIIHAN301E	Operate elevating work platform
L	RIICBS203E	Safely handle bituminous materials	L	RIIMG301D	Maintains site records
L	RIICCM210D	Install trench support	L	RIIRIS201D	Conduct local risk control
L	RIICCM211D	Erect and dismantle temporary fencing and gates	L	RIIWS202D	Enter and work in confined spaces
L	RIICCM301D	Construct and dismantle fences and gates	L	RIIWS204D	Work safely at heights
L	RIICPL304D	Install pre-cast gully pits	L	RIIWS205E	Control traffic with stop-slow bat
L	RIICPL305D	Install pre-cast access chambers	L	TLILIC0003	Licence to operate a forklift truck
L	RIICRC208D	Lay pipes			

You can choose up to five (5) imported units – some suggestions

RIIRIS301E	Apply risk management processes	RIIMPO319E	Conduct backhoe/loader operations
RIIHAN311F	Conduct operations with integrated tool carrier	RIIMPO320F	Conduct civil construction excavator operations
RIIMPO317F	Conduct roller operations	RIIMPO321F	Conduct civil construction wheeled front end loader operations

Learners must be able to have regular and consistent on-the-job access to the tasks of the units selected.

Other electives may be offered, in accordance with the packaging rules. Please discuss with a Civil Train representative if you would like to discuss electives not identified on this course information brochure.
