CERTIFICATE III in CIVIL CONSTRUCTION BITUMINOUS SURFACING STREAM

*Are you working as an operator in the civil construction industry,
participating in a broad range of jobs with a focus on bituminous surfacing?*

COURSE OVERVIEW

This qualification reflects the role of a skilled operator working in civil construction, who applies a broad range of skills in a varied work context, using some discretion and judgement and relevant theoretical knowledge.

DELIVERY AND ASSESSMENT

There are theory and practical training and assessment components to the course.

Skills will be trained and assessed through a mixture of off-the-job and on-the-job training and assessment.

You may be able to seek recognition for your previous studies or experience. Civil Train offers Recognition of Prior Learning (RPL), Recognition of Current Competency (RCC) and Credit Transfer (CT) for this qualification.

COURSE DURATION

This program is offered as a 24-month traineeship in WA under a Contract of Training. Formal training may be completed in a shorter amount of time.

ENTRY REQUIREMENTS

Civil Train will conduct a Foundation Skills entry assessment at a level required to successfully complete the qualification and work in the industry at the level required for this qualification. Potential clients who are identified as not meeting course entry requirements will be assisted with referral to appropriate support services.

Entrants will be required to be employed in the civil construction industry and have a Construction White Card prior to starting training on the qualification.

INDICATIVE PRICES

Funded: \$1,153.00

Unfunded: \$9,800.00

The student tuition fees are indicative only and are subject to change given individual circumstances at enrolment. Additional fees may apply such as student services and resource fees.

The CTF provided funding support for training of eligible workers in the construction industry. We acknowledge the support of the CTF in reducing the costs of training for eligible workers.

Contact your local super friendly consultant. They know a bucket load about training for our industry, they'll discuss training methodologies that best suit your business, and they are current with the latest government incentives that may be available to your business.

Terms and Conditions

Please refer to the [Fee Schedule](#) and [Fees and Refunds policy](#) for prices and funding opportunities (both available at www.civiltrain.com.au).

Please decide if this is the right course for you before you enrol. This course information flyer should be read in conjunction with our [pre-enrolment brochure](#) and our policies and procedures available at www.civiltrain.com.au. If you require any more information or assistance, or you identify yourself to have specific needs that may affect your capacity to complete this course, please speak to one of our representatives.

UNITS OF COMPETENCY

Successful completion of **twenty five (25)** units of competency made up of:
Seven (7) CORE units – these are mandatory and cannot be changed

CORE	RIIBEF201D	Plan and organise work
CORE	RIICCM201D	Carry out measurements and calculations
CORE	RIICCM203D	Read and interpret plans and job specifications
CORE	RIICOM201D	Communicate in the workplace
CORE	RIIWH5201D	Work safely and follow WHS policies and procedures
CORE	RIISAM203D	Use hand and power tools
CORE	RIISAM204D	Operate small plant and equipment

At least four (4) group A and/or group B units

A	RIICBS202E	Hand spread asphalt	B	**RIICBS307E	Conduct bitumen sprayer operations
A	**RIICBS301E	Conduct profile planer operations	B	**RIICBS309E	Conduct self-propelled aggregate spreader operations
A	**RIICBS302E	Conduct paver screeding operations	B	**RIICBS312E	Conduct bitumen tanker operations
A	**RIICBS304E	Compact asphalt with rollers	B	**RIICBS314	Conduct aggregate spreader box operations
A	**RIICBS305E	Conduct asphalt paver operations	B	**RIICBS315	Roll aggregate in sprayed sealing operations
A	**RIICBS313	Conduct tack coat spraying operations			
A	RIICCM207D	Spread and compact materials manually			

Select no more than nine (9) group C units

C	BSBDIV301	Work effectively with diversity	C	RIICCM205E	Carry out manual excavation
C	BSBFLM305	Support operational plan	C	RIIIMG301D	Maintain site records
C	BSBFLM312	Contribute to team effectiveness	C	RIISAM201D	Handle resources and infrastructure materials and safely dispose of nontoxic materials
C	RIICBS203E	Safely handle bituminous materials	C	RIIVEH304D	Conduct tip truck operations
C	RIICBS207E	Take samples of road surfacing materials	C	RIIWH5302E	Implement traffic management plans
C	RIICBS310E	Conduct patching operations			

You can choose up to five (5) imported units – some suggestions

*RIIRIS301E	Apply risk management processes	RIIMPO319E	Conduct backhoe/loader operations
RIIHAN311F	Conduct operations with integrated tool carrier	RIIMPO320F	Conduct civil construction excavator operations
RIIMPO317F	Conduct roller operations	RIIMPO321F	Conduct civil construction wheeled front end loader operations

** These units are available when assessed in conjunction with an appropriate **industry expert**, provided by the employer. The industry expert must hold the relevant vocational competencies and have current industry skills directly relevant to the training and assessment being provided and must work alongside a trainer and/or assessor to conduct the assessment. This means the industry subject matter expert should hold the unit being assessed (or an equivalent unit), and must also demonstrate skills and knowledge from the minimum 5 years of current work experience after competency has been obtained.

Learners must be able to have regular and consistent on-the-job access to the tasks of the units selected.

Other electives may be offered, in accordance with the packaging rules. Please discuss with a Civil Train representative if you would like to discuss electives not identified on this course information brochure.
